
#1 - Revise to "ICM"
#2 - Can you make this so that the name automatically shows the classification as well (i.e. Enrique Yanez is a carpenter journeyman, or "CJ". Then under job / phase / category, only "concrete labor" codes should appear. Same logic for other trades).
#3 - Revise to "Timecard"
#4 - Can this be a drop-down menu? Assuming this is fed by the daily report, I'd still like the ability to select a drop-down a revise the job/phase/category if there was an issue.
#5 - "Add Job" button is not functional. What the hell Dad.
#6 - If an individual like Enrique does not have an ICM truck, I'd like the auto-allowance section to be grayed out so we don't introduce the possibility of user error.
#7 - "Add Mileage Reimbursement" button is not functional.
#8 - Revise "FMKF" to "FMGF". If an individual does not have a pipefitter classification (PF), I'd like "PF56" and "PF208" to automatically be grayed out.

Job / Phase / Category	Mon 3/23	Tue 3/24	Wed 3/25	Thu 3/26	Fri 3/27	Sat 3/28	Sun 3/29	Week Total
D25746.02.03006.P2A INT - Concrete Labor	12h ST	8h ST	8h ST	8h ST	8h ST			44h
D25746.02.03005.OTF Concrete Labor						4h OT		4h
D25726.01.06005 Decon - Misc. Carpenter Labor	2h ST + PD$$							2h
Daily Totals:	14h	8h	8h	8h	8h	4h	-	50h

#9 #10 #11

#9 - All jobs/phases/categories should show just the code first and then the description in the line below.

Line #1 - D25746.02.03005

Line #2 - Apollo 2 - P2A INT Concrete Labor

#10 - I'd like to simply this while incorporating the union rules logic. Using Enrique, Carpenter Journeyman (CJ) as an example, who is scheduled to work 10 hours per day:

1) User selects the Monday cell block for D25746.02.03006.
2) User is prompted to type in hours & select modifier ONLY.
3) User enters 11 hours for Monday under that job/phase/category.
4) Program automatically allocates 10 hours to straight time (ST) and 1 hour to overtime (OT).
5) User also selects D25726.01.06005 and enters 2 hours.
6) Program automatically allocates 2 hours to overtime (OT) and applies an additional hour of OT per the union rules.

#11 - Week totals should show ST/OT/DT instead of just total hours.

#12 - Show full description. Refer to Line #9, Line #2 description.

#13 - Revise to manual entry.

#14 - Remove this section. ST/OT/DT should be automatically applied.

#15 - Per Diem (PD$$) is typically entered as the symbol followed by the agreed upon dollar amount (i.e. PD$200). This will need to be revised to accommodate that.

#16 - Please revise according to Pg. #1 Line #8.
